

SECTION B

BY-LAWS- June 3, 2014

- 1) All fliers and students using the Club's facilities shall be either a paid up member in good standing or an associate and abide by the rules set out by MAAC and the Club.
- 2) All members and guest fliers must be a holder of a current MAAC insurance membership card and take a field orientation before using the Club's field facilities.
- 3) Each member will be allowed to bring a flying guest, who is in possession of his "Wings" and of a current MAAC membership, for a maximum of two (2) times a year, and such guest may be subject to a field user fee, if any, as laid down by the Society. Consideration however, may be given to extended visits, depending upon circumstances. A special consideration may be given to guests and visitors who live outside a 100 mile radius. The Rules Committee will make these considerations.
- 4) All members shall be responsible for their guests and associate members at all times.
- 5) Animals brought to the field must be restrained at all times.
- 6) During busy periods, members will have priority over associates and guests.
- 7) A MAAC frequency control board will be provided by the Society which is to be used at all times.
- 8) If any authorized person flying on the Club's premises and using the frequency control board is shot down by another member, or their guest by turning on their transmitter, the offending person shall be responsible for the replacement of the flyer's aircraft, or the Society will take action on behalf of the complainant.
- 9) Any person flying without their frequency pin on the frequency control board and is shot down will have no claim against the Club, its members, guests or associates.
- 10) Only those persons approved by the Society Training Committee shall instruct in the flying of model aircraft on the Society's property
- 11) Any person not holding pilot's wings shall not fly any aircraft without being accompanied by a qualified club flight instructor.
- 12) While instructing a student, the Society or instructor will not be responsible for any damages incurred to the student's aircraft or equipment.
- 13) The instructor will follow the wings program as laid down by the Club and MAAC when instructing a student.
- 14) All engines must be equipped with a muffler which meets the decibel level requirements as set out in MAAC rules and regulations, or to Club levels, whichever is lower.
- 15) No person shall fly while consuming or under the influence of alcohol or drugs.
- 16) All persons must clean up their area before leaving the flying field and must take all garbage with them.

- 17) If any member observes another disobeying the rules of the Club he may lay a complaint in writing within five days of the occurrence, and forward to the Rules Committee Chair.
- 18) After the complaint (pursuant to Bylaw 17 above) has been reviewed by the Rules Committee and passed their recommendation on to the Board, the Board will either resolve the matter, or take it to the next regular meeting for resolution by the membership [per Article IVG)].
- 19) Any person, or persons, charged with an offense, under, will have the right to attend the Board meeting at which the matter is being debated, to defend themselves.
- 20) There will be no appeal of the Board's decision under No. 19, above, or to the decision of the membership under Articles IV section.f.
- 21) All members of the Rules Committee and of the Board have the authority to enforce the Society's rules and regulations at any time.
- 22) An associate member learning to fly must be instructed by a qualified Club instructor, other than by a family member, and is subject to the same rules as any other student.
- 23) A club instructor assigned for this purpose must evaluate a new member who has previously obtained their wings at another club.
- 24) Organized Pylon Racing and Combat Flying is allowed on Club premises provided it complies with MAAC rules and guidelines.
- 25) The Club will have a cap on memberships as determined by the club membership each year at the annual general meeting.
- 26) Due to high risk of grass fires, smoking is allowed only on the parking lot and cigarettes must be extinguished in the receptacles provided.
